ALPHATRONICS QVIEW

With our alphasatronics QVIEW panels, you can enjoy camping entertainment at the highest level. Quantum dot technology (QLED) ensures brilliant colours, strong contrasts and exceptional brightness. Thanks to optimised viewing angle stability, the image remains razor sharp from every perspective – for uncompromising enjoyment, no matter where you are.

THE ELEGANCE OF THE SL LINE

The SL line combines modern design with clever technology: a slim housing made of high-quality materials and a discreet, illuminated shaft below the display add elegant accents. Thanks to its innovative design, there is no annoying IR eye, which rounds off the clear, stylish overall impression – ideal for anyone who values quality and aesthetics.

INTEGRATED DVD PLAYER

The space-saving, elegant slide-in DVD player allows you to play films, series and music directly – without any external devices. Its discreet design blends seamlessly into the housing and combines functionality with mobility. Ideal for flexible use on the go and ready for use at any time.

NEXT GENERATION – WEBOS HUB

Discover the future of television with the latest generation of webOS Hub! Our modern devices offer advanced features such as PVR recording, timeshift, Apple AirPlay and Matter support. Experience a whole new level of entertainment – intuitive, innovative and in first-class alphasatronics quality.

APPLE AIRPLAY & HOMEKIT

With alphatronics, you can harness the full potential of your Apple ecosystem. Thanks to Apple AirPlay 2, you can stream content seamlessly and in the best quality, while Apple HomeKit gives you complete control over your smart home – anytime, anywhere. Enjoy maximum convenience, flexibility and a first-class entertainment experience.

FLEXIBLE VIEWING WITH PVR RECORDING

Never miss a moment again: with the PVR recording function, you can save your favourite programmes and watch them whenever you want. The timeshift function allows you to pause, rewind or fast-forward the programme you are watching. This makes watching TV more convenient and personal than ever before.

25 YEARS OF EXPERIENCE AND INNOVATION

Our many years of experience in consumer electronics form the basis for the continuous development of our TV sets. As a sign of this tradition, our products have been bearing the ‘German Quality – Since 1999’ seal since this year – a seal of quality for exceptional reliability, innovation and the highest quality standards.

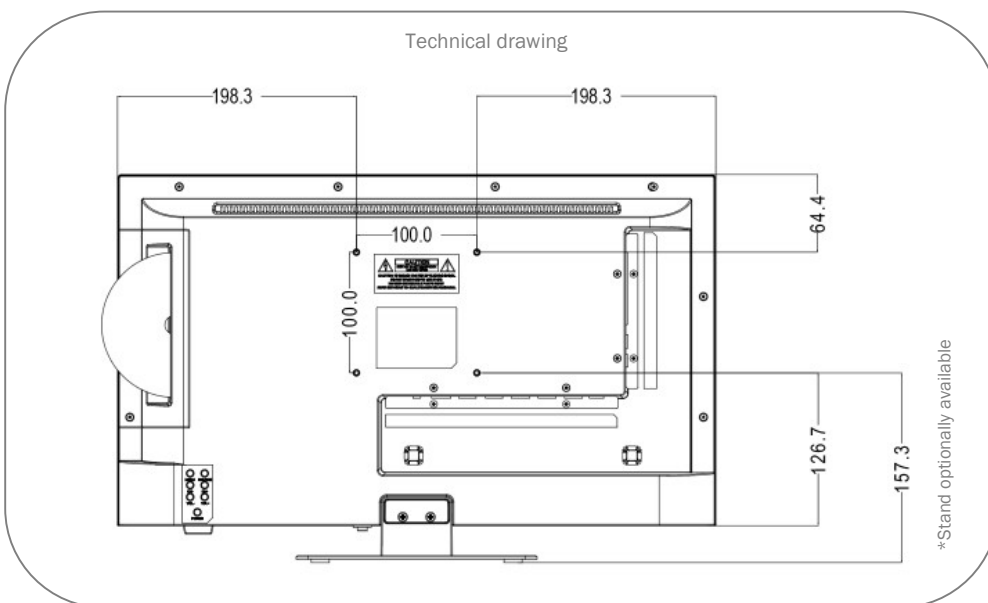

CAREFULLY TESTED – MADE FOR ANY EXTREME

Our TV sets not only meet all legal requirements, but also pass rigorous vibration and climate tests. Whether it's freezing temperatures at the North Cape or extreme heat in the desert, alphatronics devices offer reliable performance at all times and guarantee unrestricted functionality under all conditions.
